About Us

Since 1959, River-Roads Sales & Leasing located in St. Louis, Missouri has provided the highest-quality trailers and personalized customer service to the transportation industry.

- **River-Roads covers just about every aspect of the transportation industry. If you need to haul it, we have a way for you to get the job done well.**
- **We are an authorized full service dealer for Wabash Dry Van, Platform and Reefer trailers, as well as Wabash Truck Bodies. We also represent trailer manufacturers for the construction, agricultural, landscaping, and paving industries.**
- **Our inventory includes a large stock of New/Used Semi-Trailers and Intermodal Container Chassis available for immediate sale or lease. We also have a large inventory of Storage Containers and Office Containers available for immediate sale.**
- **Our specialized equipment includes: Double Drop RGN, Drop Deck Flatbeds, Lift-gate Dry Vans, and Refrigerated Vans. We also offer customized ground level, on site storage and office containers that can be modified to fit any specification.**

River-Roads Dealer
Portfolio: Trusted Brands,
Quality Trailers

WABASH™

Wabash specializes in advanced trailer solutions for industries such as logistics, retail, food and beverage, and manufacturing. Their product line includes dry van trailers, refrigerated trailers, truck bodies, and platform trailers, all designed to maximize efficiency, sustainability, and durability. Wabash is a leader in lightweight and innovative designs tailored for performance and reduced operating costs.

Travis Trailers is known for their lightweight yet durable aluminum trailers designed for industries like agriculture, construction, and waste management. Their flagship Alumatech end dump trailers and bottom dump trailers are built for maximum payload efficiency while withstanding tough hauling conditions.

BEHNKE
— T R A I L E R S — SINCE 1907

Behnke Trailers offers a wide range of heavy-duty trailers catering to construction, agriculture, and industrial applications. Their lineup includes drop-deck trailers, tilt trailers, and tag trailers, all engineered for high payloads and rugged reliability. Customization options allow customers to tailor trailers for specific needs.

Quality Trailers

CONSTRUCTION
TRAILER
SPECIALISTS ●●

CTS specializes in steel end dump trailers, bottom dump trailers, and side dump trailers, serving the construction, mining, and aggregate industries. Known for their robust construction and customizable designs, CTS trailers handle heavy-duty operations with ease.

SmithCo is the industry leader in side dump trailers, serving a wide range of industries including construction, agriculture, mining, and waste management. Their side dumps are prized for their stability, versatility, and ability to handle bulk materials with minimal risk of tipping.

Side Dump Industries produces innovative side dump trailers built for durability and efficiency. With applications in construction, agriculture, and aggregate hauling, SDI trailers are valued for their advanced design, which reduces maintenance and increases payload efficiency.

RIVER-ROADS SALES & LEASING

RENTAL, LEASING, AND OTHER SERVICES

Trailer Rentals

We offer flexible rental options for a wide range of trailer types, perfect for short-term or seasonal needs.

- Dry Vans
- Flatbeds
- Reefers
- Chassis (Available in 20', 40', 45', 48' models, including ISO Tank Chassis)

Whether you're managing a temporary surge in demand or need a replacement, our rentals are ready to keep your operations moving.

Droplot Services

Convenient parking solutions tailored for trucks and trailers. Amenities in the driver's lounge, such as showers and wifi, are available (6 am -6 pm).

Upfitting Service

River-Roads Sales and Leasing + AAA Truck & Trailer Services deliver a one-stop-shop for commercial vehicle upfitting.

Leasing Solutions

Looking for longer-term trailer solutions? Our leasing plans are designed with flexibility in mind.

- Competitive rates tailored to your needs.
- Long-term options for dry vans, reefers, and platform trailers.
- Customizable terms to match your operational and budgetary requirements.

Storage Containers

Secure and efficient storage options for your business needs, with the option for custom modifications. Both rental and purchase options available.

Transloading Services

Efficiently transfer freight between transportation modes with our professional transloading services and reduce delays.

- Streamlined operations for reduced delays.
- Experienced handling of various cargo types.

LIFT GATES AND AUXILLARY POWER UNITS

WALTCO

MAXON®

Over the past 50 years WaltCo's lift range has grown to include cantilever, column, slider, tuck under, and special application lifts. They have a strong tradition in innovative and lightweight design, using the toughest and most durable steel and parts.

Maxon started building liftgates two years before we got our start. Since 1957, when Max Lugash invented the first Tuk-A-Way® lift, they've been driven by innovation. This drive has led them to develop a leading suite of products to best meet a wide variety of load-handling needs.

GREEN APU
AUXILIARY POWER UNIT

Whether it be in the heat of summer, or the dark, cold nights of winter, Green APU keeps you comfortable all year long. The unit automatically switches between heat, or A/C depending on the outside temperature. You can also control the climate inside your truck with an easy to reach switch, mounted at the lower bunk level. Enjoy your off hours in total comfort.

All diesel truck engines manufactured from 2007 to the present are equipped with a Diesel Particulate Filter (DPF). If this filter clogs, your truck's engine will not run. Prevent premature DPF wear, and excessive tractor idling warranty issues with Green APU. Green APU provides all the power you need during off time, without ever having to idle your main engine. Minimize the costs associated with unneeded DPF regeneration or replacement. Let Green APU help you keep more money in your pocket!

WABASH TRUCK BODIES

Wabash acquired legacy truck body brand Supreme bodies a few years back and now River Roads is pleased to sell and support those customers as well. Get business done and done right with Wabash truck bodies that last longer and improve your bottom line. There is no time for downtime. From truck body parts to unplanned maintenance, stay on the road longer with our expansive parts and service.
